Extended Access to Primary Care

From 1 August 2017, this practice is one of 6 in the Worth Valley taking part in the GP extended access service based at Fairfield Medical Centre.

This means that instead of being offered a late or early appointment at our practice you may be offered an opportunity to attend an evening (after 6.30 pm) appointment at Fairfield Medical Centre to see a GP or Nurse Practitioner.

Our GPs and Nurse Practitioners will be working in the extended access service at Fairfield alongside those from the other 5 practices involved. Therefore, your appointment may not be with a clinician from this practice.

To use the service we will ask for your consent to share your medical record with the extended access service. When you are offered an appointment, our receptionists will talk to you about what this means and why it is necessary.

- If you need further information please speak to a receptionist.
- [Farfield Medical Centre](#) is located at West Lane, Keighley BD21 2LD

Extended Access on Saturday Mornings

Saturday morning appointments are available from Fisher Medical Practice, Skipton
